

## Appointment Policy

To our valued patient:

It is Western New York Dermatology's policy to book your follow-up appointments with our nurse practitioner or one of our physician assistants. Our providers are highly trained and work hand-in-hand with Dr. Nazareth. Our physician assistants and nurse practitioners have over 20 years combined experience in Dermatology. Please be assured that your continuity of care is our number one goal.

This policy was put in place to:

- Allow more patient access to appointments with the doctor
- Make sure patients do not have to wait four months to see a provider
- Allow Dr. Nazareth space for urgent surgical skin cancer appointments

Thank you for your cooperation and understanding of our policy.
